PERSONAL PROJECTS

Portfolio Webpage using HTML ,CSS & JS

- My portfolio is a representation of all that I've learned and accomplished as an Engineering student.

Automatic Sanitary Pads Dispenser (10/2022)

- The user will show the College ID Card and the sanitary napkin to the user should be given automatically. No more embarrassment of asking for napkin from institution authorities.

Commercial Water Vending Machine (01/2022)

- Vending machine used in water plants or in hospitals etc. During this covid situations this project can be helpful to every one.

EMERGENCY ALERT SYSTEM (10/2021)

- This is a simple Emergency alert system using GSM module, ultrasonic and Arduino. This is capable of alerting others from emergency through GSM Module. Similarly it can also be used to send an SMS.
